

Mission Accomplished

Throughout this past summer, as we visited churches on our deputation, we mentioned that we were desperately needing to purchase a van. God began to touch the hearts of supporters, and over \$15,000 was raised for this project. Shortly after returning to the field we spotted this 2006 Nissan diesel 15-passenger van for sale. It was exactly what we were

Dedicating the van to the Lord

need! We settled on a fair price, and it has already been such a blessing. Thank you to all who gave towards this project, and a big thank you to all of the churches that helped as well. All three of our churches have greatly benefited from this van and will continue to be blessed for years to come!

Historic Wedding

Do you remember us talking about José and María; the couple that had lived together for nearly fifty years and had finally gotten married by the Justice of the Peace? On October 19th they had their official church wedding ceremony in Las Delicias. What a special moment! It was the very first wedding in the new church. Family and friends watched as they said their vows and pledged their love. Afterwards they celebrated with rice and chicken and cake for everybody! José and María's example has made a big impact on the other couples who have been living in the same situation. Several have said that they too want to get married and get their lives straightened out. What a joy to watch people walk in the light and obey God's Word!

New Pastor for Completed Church

The finished church building

Roberto, Jenny, and their two daughters

Some very exciting things have been happening in the Las Delicias church. The building project has been completed and some of the men painted the church while we were home on deputation. The church looks great, and the people are so happy to finally have a completed building. We had been praying for sometime that God would call somebody to be a full-time pastor in Las Delicias. We were only able to make the one and a half hour trip out to the church once a week, and there was really nobody to visit or encourage the people. God had heard our prayers and was speaking to one of our very own men from the mother church in Tiloarque. Roberto and Jenny came to us a few weeks ago to tell us that they were ready to become the pastors at Las Delicias and go full time into ministry!! So, on October 19th with President Sidney Grant present, we dedicated the new church and also installed Roberto and Jenny as the new pastors. Pray for Roberto as he begins his ministry and continues his studies. God is doing wonderful things, praise His name!

Visitors From the States

Sidney Grant preaching in Nicaragua.

From late October through early November we were privileged to have some very special visitors. The first to arrive was HIM president, Sidney Grant. He had come to visit our three churches, as well as pay a visit to pastor Julio Villareyna in Nicaragua. While here in Honduras he also was present for the Las Delicias dedication and pastor installation service. It was certainly an honor to have him, and we were challenged and blessed by his anointed preaching.

Glen and Helen Reiff

The next visitors to come were Glen and Helen Reiff. What a joy to be in their presence and learn from their years of experience as missionaries. Bro. Reiff preached in the different churches throughout the week and then held a special anniversary revival at the church in Las Uvas. The services were well attended, and God moved as he spoke about the heart of man and our need to be right with God. Several people sought the Lord at the altar and got spiritual help. Thank God for heroes of the faith like Glen and Helen Reiff who even in their later years are still concerned for the salvation of souls!!

Preaching at Las Uvas

Parsonage Project

A new work project has been started in Las Delicias. After Roberto and Jenny approached us about the possibility of pastoring the church we knew that we immediately needed to start working on building a parsonage. We began to pray and make plans. Roberto has already moved their belongings to his parents' house and has begun work on the new parsonage. This will even further help to establish this growing church. Plans are to build a small apartment on the back of the house to be used for guests and visiting evangelists. This will be HIM's very first parsonage in Honduras. All of the other pastors rent their homes. This will be a tremendous blessing, not only for Roberto's family, but also for the entire church. If you would be interested in helping us with the costs of this project we would deeply appreciate it. We could use about \$10,000 to get the house completed. If you or your church would like to send a check towards this project, make your check payable to "HIM" and mark in the memo "Las Delicias Parsonage."

The Two Munchkins

What have those two little boys been up to? Into trouble, that's what! Daniel is in the explore-every-drawer stage. He found our ink pad the other day and decided to lick it like a lollipop. The mess was "inkcredible"!! Joseph is in second grade and growing like a weed. Somehow he squeezed into his brother's 18-month-size pants. Look how much his legs have grown!! Haha. These two guys are more than just brothers; they are best of friends and get along very well. Joseph is the instigator, and Daniel is the entertainer. It makes for quite a team! Thank you for your prayers for them. We can see God working in their lives. They have tender hearts and want to serve God. Pray that they always stay that way!
